RULES AND GUIDELINES

We want your stay at Elma RV Park to be an enjoyable experience. In order to meet this goal, we ask you to follow the Rules and Guidelines listed below.

Check-Out: 11:00 AM, if you would like to extend your stay, please re-register at the Office.

Quiet Hours: 10:00 PM to 7:00 AM.

Speed Limit: 5 MPH or less.

Courtesy: Respect the rights and privacy of other campers. Don't walk or cut through other's sites. Please put trash in proper receptacles and keep your site clean and orderly. Recycle aluminum cans and folded cardboard in the marked receptacles near the restrooms.

No on-site repairs of vehicles or RVs are allowed; always check with the manager if you need to wash your vehicles or make repairs. No loud or annoying vehicles will be allowed on the premises.

We are on a Septic System. Do not put garbage or other materials down the sewer. This includes disposable diapers, sanitary napkins, grease or motor oil. State health codes require air tight and **Screw-On Sewer Adaptors**.

Restrooms: We ask your help in keeping restrooms and showers neat and clean. Please accompany all children when they use any facility. Please report any damage or untidiness to the office. The park has a **No Smoking** policy in all buildings and restrooms; place cigarette butts in receptacles provided. Pay showers - 25¢ for 3 minutes.

Pets must be kept on leash at all times (no exceptions) and inside your unit at night or whenever you leave the park. Always clean up after your pet. You are responsible for any damage caused by your pets.

Children are parents' responsibility. Please take the time to discuss park rules with them. The park is surrounded by private industrial areas and both children and pets should stay within park boundaries for their own safety.

Campfires are not permitted at individual sites. Propane campfires are allowed.

Elma R.V. Park is not responsible for accidents or loss of property. Anyone found damaging or destroying property will be asked to pay for such damage. Any infraction of the above rules and guidelines is grounds for immediate eviction from the park.
